Q1. Print 1 to N

Question: Print numbers from 1 to N using recursion.

Input: A single integer N.

Output: Numbers 1 to N separated by spaces.

Example:

```
5  -->  1 2 3 4 5
```

Solution:

```
import java.util.*;
class Main {
    static void print(int n) {
        if (n == 0) return;
        print(n - 1);
        System.out.print(n + " ");
    }
    public static void main(String[] args) {
        Scanner sc = new Scanner(System.in);
        print(sc.nextInt());
    }
}
```
